

## Committee Minutes 10.21.09

- Yangbo will start going to the Green Ambassador meetings
- Yangbo will take minutes from now on
- New Dorm sustainability Coordinators
  - Email Alex if you have recommendations
- Sustainability Important Contacts
  - Report if you have anybody new to add
- CC Paul Baranay if you contact a Senators and asking them to send mail to their constituents
- UA Retreat- if you're interested, email Alex

### PROJECT UPDATES:

- Plastic Bags: Survey results indicate that plastic bag recycling bins would be welcomed at all the dorms

Most grad dorms want recycling bins too, looking for a graduate student as a representative.

Random already has plastic bag recycling; housemaster calls facilities to pick up the bin when it is full.

- Motion sensor lighting in buildings:

Sent out emails about the monitoring and motion sensed lighting

Building 66 is a trial run, already being considered for motion lighting.

Metering: Has not been done of specific rooms, only of the building

Email: see if metering of specific room could be done, and if not if a form of estimation could be.

Indicate that we would like to see motion sensor lighting done in all buildings on campus

- REUSABLE PLASTIC CONTAINERS in Dining Halls

Rich Berlin says that they already have a plan in the works to implement reusable containers to all dorm dining halls and to phase out of Styrofoam and towards compostable containers.

Email: find out what the time line is (when will Styrofoam be gone?)

What is being done about composting?

- TECHNOCYCLE:

Alex will talk to Jared

- COMPOSTING:

Alex will talk to Jared

Get in contact with Marietta and clarify the 70% statistic

We are pushing for composting at all dorms, how can we work with her?

-Lucy, Corinne, Lily, and Krishna

- REUSABLE BAGS

Alex will go to Shaws and hopefully get more bags

Then we must label them with UA logo.

Then set up a formal system for checking out bags

Offer to have a 20 minute training system for all desk workers

- VICE CHAIR:

Email Alex

Job duties: division of projects; assist with the members of the projects
